

# WHAT IS H.A.L.O.?

Jesus came to offer Hope and Love to a lost and hurting world. We, as Christians, seek to offer that same Hope and Love to the hurting world around us today. So many children and families in our area are in need both physically and spiritually. Vision Productions, Inc. Billy Wayne Ministries has sought to meet some of the needs of the underprivileged and “at-risk” children right here at home. Billy Wayne, founder of Vision Productions, Inc., grew up in an alcoholic, abusive home, yet was once shown Christ’s Hope and Love from a local church body who cared enough to invest in His life. In turn, he has grown to understand the place many of these students come from and has determined to also share that same Hope and Love he found in Jesus.

The H.A.L.O. program seeks to reach out to the underprivileged and “at-risk” children by providing many physical needs, as well as introducing them to a Savior who can reach beyond those physical needs to their heart.

**We ask that you prayerfully consider becoming a H.A.L.O. Sponsor today so that you too can invest in a life and help share Hope and Love to these hurting students and their families.**

"This program has impacted my life in many ways. I needed encouragement, and that is exactly what I got, not to mention the love that was shown to me that made me the person I am today. Sponsoring a child gives them the opportunity to experience the love of

Jesus on so many levels. I, personally, wouldn't be where I am today if someone hadn't sponsored me. It's not just money. It's a chance to make a life-changing difference. I truly believe that with your help, the world could be changed and kids would be loved unconditionally and above all to the path of a personal relationship with a king."

- Alexis McMillan,  
Former I.A. Student  
& Summer Intern
